Case Narrative

209 - Johnson, Steven L, Created: 08/23/2018 16:07, Last Modified: 08/23/2018 16:07

On 08/15/2018 at approximately 22:16 hours I was contacted by telephone by State Radio and informed they had received a request for an amber alert from Cavalier County. I responded to the Emergency Operations Center at Fraine Barracks. I was the first person to arrive so I went to State Radio to get the request. I read over the request and called the requesting officer for clarification and followup. Chief Deputy Paul Podhradsky informed me of the following. 14 year old ~~Redacted~~ had last been seen walking on a county road at approximately 1300 outside of Osnabrock, ND, she did not return home in the evening. The family, sheriff's department and local fire department started a search for her. ~~27-20-52~~ did not have her phone with her. ~~27-20-52~~ lives with her sister in Osnabrock and had been talking for several days about going to see her father on the Pine Ridge reservation in SD. There was no physical or eyewitness evidence to suggest she had been taken against her will. I told Deputy Podhradsky I didn't think this case met the criteria for an AMBER alert due to the lack of information indicating Miss Janis was in "grave danger of serious bodily harm or death". I told Deputy Podhradsky that I would discuss the case with the alert team and call him back.

I discussed the details of the case with BCI Special Agent Mark Sayler. SA Sayler Agreed the case did not meet the criteria for an amber alert. I called Deputy Podhradsky back and told him we would not be issuing an amber alert unless new information was received. Deputy Podhradsky felt that was ok, he just wanted to explore all options. Deputy Podhradsky and I discussed options he could explore including issuing a missing person BOLO and contacting the local media. The alert team was dissolved and went about their normal activities.
